The object is to score the most points by ending each round with your color balls closest to the Pallino (point ball). Toss of a coin determines who will play first. To start the game, one Team/Person throws the Pallino at least halfway down the designated playing area. The same person who tossed the Pallino then throws one ball trying to get it as close to the Pallino as possible. Team Two then throws, trying to get a ball closer to the Pallino than Team One. If Team Two gets closer, then it is Team One's turn. If Team Two's ball does not come closer then they continue to throw until they get closer to the Pallino than Team One or until they run out of balls. Then Team One throws their balls. You can knock your opponent's balls away from the Pallino to increase your score. Tournament format determined by the number of entries. Games will be to 12 points. Concession available.

Fee: \$5.00  
Registration Deadline: January 16, 2020

**Note:** **LAST ARRIVALS MAY BE UNABLE TO PLAY. If participants do not equal four to a table, last participants to check in may be unable to participate.**

Single deck Pinochle rules will be used. 48 cards. Twelve cards dealt-three at a time. Four hands will be played for each game with each player keeping track of his/her score for each game. Eight games will be played. Four players to a table consisting of two partners. Partners will consist of one “A” player and one “B” player. If the total number of registration does not equal four per table, the last to check in may not be able to participate. After four hands have been played, the “A” winner advances to the next highest table and the “B” winner advances to the next lowest table; losers stay at the same table, however, players change seats as to not have the same partner. Dealer of game is determined by cut of cards, highest card dealing. Dealers of the next game will be the visiting “B” player. Deal 3 cards at a time to each player totaling 12 cards. Do not add zero at the end of the game on individual scores. Start bid at 16, dealer 15. Total score for all games played determines order of finish. No Passing Cards. If tie in any given game, cutting of cards will determine table reassignments with high card moving. Players change tables after all tables have finished the round. A run without the 9 is 15 points. An additional marriage (K&Q) is 4 more points. No count for single K or Q. Reneging: If you renege, you go set for the bid. You then subtract the bid from your score. You do not get your meld. SCORING: Jack of Spades 4 points, Queen 6 points, King 8 points, Ace 10 points. Jack of Diamonds/Queen of Spades 4 points. Double 30 points.

YOU ARE COUNTED IN YUMA COUNTY!

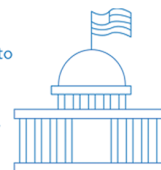

**Everyone counts.**

The census counts every person living in the U.S. once, only once, and in the right place.

**It's about fair representation.**

Every 10 years, the results of the census are used to reapportion the House of Representatives, determining how many seats each state gets.

**It's in the constitution.**

The U.S. Constitution mandates that everyone in the country be counted every 10 years. The first census was in 1790.

**It's about \$675 billion.**

The distribution of more than \$675 billion in federal funds, grants and support to states, counties and communities are based on census data.

That money is spent on schools, hospitals, roads, public works and other vital programs.

**Your privacy is protected.**
